

WAFL Lending Library Report

To provide you with some background, the programs and services of Winter Active for Life (WAFL) include:

- The Equipment Lending Library (Skis and Snowshoes)
- WAFL RHEAL Leader program (funding for leaders in rural Yukon)
- Program support offered by the WAFL Coordinator
- Community visit/clinics
- Special events

This report is designed to specifically collect information and feedback from groups and communities who borrowed equipment from the Lending Library. If you borrowed equipment from the Lending Library this winter, we ask that you take a few moments and provide us with some information about your winter programs. Your feedback helps us explain to our funders the value of the Equipment Lending Library. Their understanding enables us to continue supporting initiatives which encourage Yukoners to be active in the winter.

Other WAFL activities are captured in different reports filled out by WAFL RHEAL Leaders and the people who offer special clinics in communities.

Thank you for taking a few minutes of your time to complete this online report.
